APR 7 1923

Mr. H. Wood,
Am. N. Soc.

Dear Sir: —

I have received the Proceedings of "The A. N. S." ; also the last Monograph: all has interested me.

Now can you render me the invaluable services in noting on the enclosed rubbings the classifications of the coins.

I am just making my library on numismatics bigger than it is actually.

The medal of membership in A. N. S. is of different metals, I guess; what is the price of the commonest one?

Are all the monographs mentioned on back cover of the "Proceedings" still on hand? I would like to possess a few copies of different ones which attracted my taste — — —

An answer at your best convenience would be much appreciated.

Believe me, dear sir,

Very truly yours,

Octave Pelletier.

Stamps enclosed for return
mailing.

Dr. Octave Pelletier
Ste. Anne de Beaupre
Co. Montmerency P.Q.

Dear Dr. Pelletier:

Our bronze Membership medal is Four Dollars plus the engraving of your name - the whole would amount to a little over Five Dollars. If you care for one of these, I will be glad to put the matter through for you.

All of the monographs mentioned on the back cover of the Proceedings can be obtained with the exception of Nos. 2, 3 and 5 which unfortunately are now exhausted.

Very truly yours,

Curator

HW/E

To the American Numismatic Society,
New-York.

Gentlemen: -

I have received
the annual "call" of the grand Society.

I take the great pleasure in sending
my humble "answer".

Under separate covers go two
parcels: one containing 2 books, which
are described on the enclosed separate
sheet; the other contains 18 pieces,
doubles of my collection on "Transport".

Every piece is ⁱⁿ an individual
glossine envelope with a number;
by every number you might classify
every item on the list which is
with the pieces.

Hoping some of the lot make an
addition to the Museum,

I wish to every one of the A. N. S.
a Merry Christmas &
a Happy New-Year,

I remain,

Numismatically yours,

Ottave Pelletier

Mr. Octave Pelletier,

Ste. Anne de Beaupre,

Co. Montmorancy, P. Q.,

Dear Mr. Pelletier:-

Your letter and the two packages - the one containing the books and the other the coins - which you have presented, arrived just before Christmas. Thank you very much indeed. I feel sure Mr. Wood cannot be any more pleased with the tokens which you sent him than I am with the additions to our library. You are very generous in having thought of both our departments. The articles are both interesting and we are very glad to have them. I hope some day to welcome you here and to thank you in person for your interest.

Very truly yours,

Secretary.
